

# Portarlington Redevelopment Update

## NEXT STEPS

BCH is working hard to continue progressing the redevelopment at our Portarlington site in the context of COVID-19 restrictions.

In the past few weeks we have held three information sessions with adjacent residents and businesses. This has given us the opportunity to answer questions about the redevelopment and the building design and to address any specific concerns raised.

### NEXT STEPS

An application for a planning permit has been submitted to the City of Greater Geelong - awaiting decision.

Our Architects are progressing with the detailed design that will form part of the building tender and construction drawings.

If you have any questions related to the BCH redevelopment of the Portarlington site, please contact Michelle Day, Capital Works Manager on 5258 0882 or [michelle.day@bch.org.au](mailto:michelle.day@bch.org.au)

**Project Completion Date: June 2021**

**Project Funder: Australian Government**

**Enquiries: Michelle Day 03 5258 0882**

## PORTARLINGTON LADIES AUXILLIARY OP SHOP

In the absence of any feasible alternatives, BCH has hired a portable building which is now located in the BCH car park.

This will become the temporary Op Shop for the duration of the project.

We appreciate this is not a large space, but it will allow the Portarlington Ladies Auxilliary to maintain their Op Shop presence and continue to trade during this difficult period.

It also means our volunteers can remain connected and to maintain a presence at the BCH site.

Please call in and support them once the restrictions allow trade to resume. (Please note - there will be alternative disabled car spaces created)
