

# PORTARLINGTON REDEVELOPMENT UPDATE

## BUILDING TAKING SHAPE

The redevelopment of the Community Health Centre at Portarlington is progressing well with concreting works and block work now completed.

Framing for the new section has also finished and there was a delivery this week of the materials for the roof which is being installed.

Builder Loaram Constructions is anticipating the works will be completed early in the new year.

The GP clinic, now being operated by epichealth, has continued to operate during the redevelopment, and BCH is grateful for the understanding and patience of the clinic patients and BCH clients during this time.

The redevelopment is funded through the Department of Health's Community Health and Hospitals Program, and a generous donation from the Portarlington Ladies Auxiliary.

For enquiries about the redevelopment project contact BCH Capital Works Manager
